

Centenary Patios, Carports and Verandahs

A Fields attached or freestanding Centenary Carport, Verandah or Patio is the perfect finishing touch to your home. Sturdy yet stylish, the Centenary range will add value and living space to your home – whether as a sheltered outdoor area for family and friends, for special entertaining occasions, or covered protection for your car, a Centenary addition can bring the outside in. Compare for yourself, you will find the Centenary range gives you a lot more for your money.

The Fields Centenary range provides a level of flexibility unmatched by other manufacturers. You can specify your carport in any length and width beyond 10 metres. Roofing comes in a modern range of Colorbond® steel colours with steel, polycarbonate and gable infill profiles. Plus the range is engineered to the latest Australian Standards (AS4600) to ensure compliance with safety and building codes and to simplify the council approval process.

Double Sided High Gloss Roofing C-Deck and Corrugated Colours¹

Beam and Column Colours¹

The COLORBOND® steel colour swatches and images shown have been reproduced to represent actual product colours as accurately as possible. However, we recommend checking your chosen colour against an actual sample of the product before purchasing, as varying light conditions and limitations of the printing process may affect colour tones. To determine the most suitable material for your project, please contact your supplier or see colorbond.com/inspire. COLORBOND® and ® colour names are registered trademarks of BlueScope Steel Limited. ™ colour names are trademarks of BlueScope Steel Limited.

Dominator Fencing

Fields Dominator fencing offers smart design choices from post and rail to lattice-top panel fence...and a selection of finishes no-one else can offer. Fields has steel fencing in a range of standard colours as well as several attractive tones that are exclusive to the Fields range.

Match your home. Contrast your panels. Enjoy the freedom of creating a fence that can be a real feature, or a seamless blend with your home and landscaping look. Fields Fencing Systems offers superior designs and durable finishes giving a look that lasts with an absolute minimum of maintenance.

At Fielders, we've spent over a century building a great reputation for our ideas and innovations in steel. We believe that better designs mean less limits, and more freedom for you.

We take this freedom philosophy all the way to the finish; that's why we offer Fielders steel products in an extraordinary variety of durable finishes, including COLORBOND® and ZINCALUME®.

Roofing, Cladding and Rainwater Goods

COLORBOND® Steel is the pre-painted coating technology with a legendary reputation for durability in Australia's punishing climate. Incorporating Super Polyester, COLORBOND® Steel delivers strength, long-life performance, and the benefit of a finish that keeps its new look, resisting fading and discoloration. Fielders delivers roofing and rainwater goods in no fewer than 20 standard COLORBOND® colours, offering opportunities to match, contrast, and create unique looks in domestic and commercial applications.

Features of COLORBOND® steel

- Colour:** A modern range of designer colours offering a solution for any project.
- Flexibility:** Flexible in design – contemporary, traditional, curved, the possibilities are endless.
- Durability:** With its corrosion resistant ZINCALUME® steel base and baked on paint finish, COLORBOND® steel protects your investment from the harshest of Australian climates.
- Technology:** One of the most advanced roofing materials in the world, with a steel base, conversion layer, polyester primer and a durable exterior grade topcoat.
- Thermal:** With a wide range of lighter, contemporary colours, COLORBOND® steel can help reduce energy impact and achieve thermal performance ratings.
- Warranty:** Fielders and BlueScope Steel offer various warranties on COLORBOND® steel projects refer to fielders.com.au for more details.
- Environment:** Working towards improved environmental outcomes in the manufacturing processes. COLORBOND® steel is 100% recyclable.
